RISK TO INVESTORS

For details, refer to section titled *"Risk Factors"* on page 30 of the RHP.

1. **Supplier concentration risk:** We have been an authorised service partner of JSW Steel Coated Products Limited and/or its holding Company ("**JSWSCPL**") since 2021 and we are substantially dependent on JSWSCPL, for the supply of steel coils, which constitute a key raw material for our operations. This high level of supplier concentration exposes us to significant risks, and any disruption in the supply of steel coils from JSWSCPL could materially and adversely affect our business, results of operations and financial condition. Set out below is the bifurcation of the total Steel Coils sourced from JSWSCPL and other suppliers for the three months period ended June 30, 2026 and for the Fiscals 2026, 2025 and 2024:

2. **Risk related to past discrepancies and non-compliances in statutory filings:** We have experienced certain discrepancies in our statutory filings with the Registrar of Companies ("**RoC**") and other non-compliances under the Companies Act, 2013 in the past. We cannot assure that regulatory authorities will not initiate inquiries, proceedings or other actions against us in the future. Any such proceedings or actions, if initiated, may result in the imposition of penalties, fines or other regulatory measures, which could adversely affect our business, financial condition, results of operations and reputation.
3. **Risk related to negative cash flows:** We have incurred negative net cash flows from investing and financing activities in the past and may continue to do so in the future, primarily due to our capital expenditure requirements and financing obligations in connection with the expansion of our business, which could adversely affect our liquidity, financial condition and ability to operate our business and implement our growth plans. The following table sets forth certain information relating to our cash flows on a restated basis for the periods indicated:

(₹ in million)

4. **Customer concentration risk:** We are dependent on limited number of customers for majority of our revenue from operations, which expose us to a high risk of customer concentration. We derived 73.54%, 71.33%, 67.44% and 67.43% of our revenue from our top ten customers for three months period ended June 30, 2026, and for the Fiscals 2026, 2025 and 2024, respectively. 5. **Risk related to cost, volatility and supply of raw materials:** Steel coils constitute our principal raw material, and the cost of our Processed Steel Products depends on our ability to procure such raw materials at commercially acceptable prices and in sufficient quantities. Any volatility in prices, unavailability, or disruption in the timely and adequate supply of steel coils may materially and adversely affect our business, results of operations, financial condition and cash flows. 2. A final dividend of ₹ 22.50 per equity share of ₹ 10 each was approved by the shareholders at the Annual General Meeting held on 22 July 2026 for the year ended 31 March 2026. The dividend was paid on 20 August 2026, which resulted in cash outflow of ₹ 1,369.94 lakhs.
3. On 21 November 2025, the Government of India notified the four Labour Codes - the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020 - consolidating 29 existing labour laws. The Ministry of Labour & Employment published draft Central Rules and FAQs to enable assessment of the financial impact due to changes in regulations. The Company has assessed and disclosed the incremental impact of these changes on the basis the best information available, consistent with the guidance provided by the Institute of Chartered Accountants of India. Considering the materiality and regulatory-driven, non-recurring nature of this impact, the Company presented such incremental impact as Statutory impact of new Labour Codes under Exceptional Items in the financial result for the previous year ended 31 March 2026. The incremental impact consisting of gratuity of Rs. 242.14 lakhs and long-term compensated absences of Rs. 86.49 lakhs primarily arises due to change in wage definition. The Company continues to monitor the finalisation of Central / State Rules and clarifications from the Government on other aspects of the Labour Code and would provide appropriate accounting effect on the basis of such developments as needed.
4. The Board of Directors has approved a proposal to buyback, up to 1,44,639 equity shares of ₹ 10 each (representing approximately 2.38% of total no. of equity share fully paid-up) from the eligible shareholders/beneficial owners of the Equity Shares of the Company, on a proportionate basis, through the "tender offer" process as prescribed under the Buy-Back Regulations, at a price of 2,005/- (Rupees Two Thousand and Five only) per Equity Share ("Buy-Back Offer Price"), for an aggregate maximum consideration not exceeding 290,001,195/- (Rupees Twenty Nine Crores One Thousand One Hundred and Ninety Five) excluding the transaction cost. 28 October 2026 is fixed as the record date for the buyback.

RISK TO INVESTORS

For details, refer to section titled *"Risk Factors"* on page 30 of the RHP.

1. **Supplier concentration risk:** We have been an authorised service partner of JSW Steel Coated Products Limited and/or its holding Company (**"JSWSCPL"**) since 2021 and we are substantially dependent on JSWSCPL, for the supply of steel coils, which constitute a key raw material for our operations. This high level of supplier concentration exposes us to significant risks, and any disruption in the supply of steel coils from JSWSCPL could materially and adversely affect our business, results of operations and financial condition. Set out below is the bifurcation of the total Steel Coils sourced from JSWSCPL and other suppliers for the three months period ended June 30, 2026 and for the Fiscals 2026, 2025 and 2024:

2. **Risk related to past discrepancies and non-compliances in statutory filings:** We have experienced certain discrepancies in our statutory filings with the Registrar of Companies (**"RoC"**) and other non-compliances under the Companies Act, 2013 in the past. We cannot assure that regulatory authorities will not initiate inquiries, proceedings or other actions against us in the future. Any such proceedings or actions, if initiated, may result in the imposition of penalties, fines or other regulatory measures, which could adversely affect our business, financial condition, results of operations and reputation.
3. **Risk related to negative cash flows:** We have incurred negative net cash flows from investing and financing activities in the past and may continue to do so in the future, primarily due to our capital expenditure requirements and financing obligations in connection with the expansion of our business, which could adversely affect our liquidity, financial condition and ability to operate our business and implement our growth plans. The following table sets forth certain information relating to our cash flows on a restated basis for the periods indicated:

(₹ in million)

4. **Customer concentration risk:** We are dependent on limited number of customers for majority of our revenue from operations, which expose us to a high risk of customer concentration. We derived 73.54%, 71.33%, 67.44% and 67.43% of our revenue from our top ten customers for three months period ended June 30, 2026, and for the Fiscals 2026, 2025 and 2024, respectively. 5. **Risk related to cost, volatility and supply of raw materials:** Steel coils constitute our principal raw material, and the cost of our Processed Steel Products depends on our ability to procure such raw materials at commercially acceptable prices and in sufficient quantities. Any volatility in prices, unavailability, or disruption in the timely and adequate supply of steel coils may materially and adversely affect our business, results of operations, financial condition and cash flows. RISK TO INVESTORS

For details, refer to section titled *"Risk Factors"* on page 30 of the RHP.

1. **Supplier concentration risk:** We have been an authorised service partner of JSW Steel Coated Products Limited and/or its holding Company (**"JSWSCPL"**) since 2021 and we are substantially dependent on JSWSCPL, for the supply of steel coils, which constitute a key raw material for our operations. This high level of supplier concentration exposes us to significant risks, and any disruption in the supply of steel coils from JSWSCPL could materially and adversely affect our business, results of operations and financial condition. Set out below is the bifurcation of the total Steel Coils sourced from JSWSCPL and other suppliers for the three months period ended June 30, 2026 and for the Fiscals 2026, 2025 and 2024:

2. **Risk related to past discrepancies and non-compliances in statutory filings:** We have experienced certain discrepancies in our statutory filings with the Registrar of Companies (**"RoC"**) and other non-compliances under the Companies Act, 2013 in the past. We cannot assure that regulatory authorities will not initiate inquiries, proceedings or other actions against us in the future. Any such proceedings or actions, if initiated, may result in the imposition of penalties, fines or other regulatory measures, which could adversely affect our business, financial condition, results of operations and reputation.
3. **Risk related to negative cash flows:** We have incurred negative net cash flows from investing and financing activities in the past and may continue to do so in the future, primarily due to our capital expenditure requirements and financing obligations in connection with the expansion of our business, which could adversely affect our liquidity, financial condition and ability to operate our business and implement our growth plans. The following table sets forth certain information relating to our cash flows on a restated basis for the periods indicated:

(₹ in million)

4. **Customer concentration risk:** We are dependent on limited number of customers for majority of our revenue from operations, which expose us to a high risk of customer concentration. We derived 73.54%, 71.33%, 67.44% and 67.43% of our revenue from our top ten customers for three months period ended June 30, 2026, and for the Fiscals 2026, 2025 and 2024, respectively. 5. **Risk related to cost, volatility and supply of raw materials:** Steel coils constitute our principal raw material, and the cost of our Processed Steel Products depends on our ability to procure such raw materials at commercially acceptable prices and in sufficient quantities. Any volatility in prices, unavailability, or disruption in the timely and adequate supply of steel coils may materially and adversely affect our business, results of operations, financial condition and cash flows.
